

## Dr Pascal Colombani

### Current Positions

Dr Pascal Colombani is currently Lead Non-Executive Director of Technip FMC plc. He is Non-Executive Director of NHV Group and Siaci-Saint-Honoré SA. Dr Colombani sits on the European Advisory Board of JP Morgan Chase & Co, and is a Senior Advisor to A.T. Kearney SA.

### Background Information

After graduating from École Normale Supérieure in 1969, Pascal Colombani began his career as a Research Scientist in Nuclear Science in France and at the Lawrence Berkeley National Laboratory in California. In 1974 he obtained a doctorate in physics from the University of Paris-Orsay.

Dr Colombani joined Schlumberger Limited in 1978 and spent the next 19 years in various high-level positions in the USA and Europe, and lastly as President of Schlumberger KK in Tokyo, Japan, also supervising the implementation of R&D facilities in China.

He was Director of Technology at the French Ministry of Research and Technology in 1998 and was thereafter appointed Chairman and CEO of the French Atomic Energy Commission (CEA) in 1999.

During this period he initiated the restructuring of the CEA industrial subsidiaries into Areva SA, where he served as Founding Chairman from 2001-2003. Since this time, he has shared his activities between corporate directorships, consultancy, and government advisory.

In the past Dr Colombani has been a board member of Alstom SA, British Energy Group plc, Rhodia SA, Energy Solutions Inc, France Telecom SA, Electricité de France SA, Cogema SA, Framatome Group, the French Institute of Petroleum, CNRS (National Center for Scientific Research), as well as the high government representative to the boards of CNES (French Space Agency) and BRGM (French Geological Survey). He chaired the Board of Directors of Valeo SA from 2009 to 2016. He was a member of the High Committee for Governance of Listed Companies from 2015 to 2017.

### Other Notable Interests

Dr Pascal Colombani is Vice-President of the French Strategic Council for Research, which is chaired by the French Prime Minister. He is a Board member of the National Agency for Research and of Sorbonne Universités. He has also been appointed Special Envoy of the President of the French Republic for the nuclear partnership between France and South Africa.

Dr Colombani is a member of the Defense Industrial Council advising the Minister of Armed Forces, and was until recently the Vice President of the French Strategic Council for Research. He has also been appointed special envoy of the French President for the nuclear partnership between France and South Africa.

Dr Colombani is a member of the French Academy of Technology and a Council member of the Science and Technology Forum (Kyoto forum). He is an Officer of the Légion d'Honneur, an Officer of the Order of Merit, and has been awarded the order of the Rising Sun (Japan).

Dr Pascal Colombani is based in Paris.
